MEMORANDUM FOR THE RECORD

	SUBJECT: CS SENIOR SEMINAR Interview with CI Staff/Research and Analysis Officers:
25X1A	(30 October 1968)
25X1A	1. I opened the interview with a prepared, succinct exposition of the origin and nature of the CS Senior Seminar proposal, a brief summary of the modification in concept and substance prompted by the Division and Staff responses to the initial draft proposal (which, I noted, was not prepared by OTR), and a request for further comments and, specifically, identification of "vital, current CS problems" for discussion at the Seminar. 25X1A 2
